VOCABULARY

Line: can be horizontal, vertical or diagonal, straight or curved, thick or thin. They help us understand a piece of art.

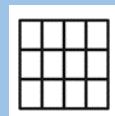

Texture: the way a surface looks in a work of art linked with how they look or would feel if we touched them.

Shape: a line that is joined with no gaps

Organic: not perfect lines or shapes, often curved and flowing.

Geometric: shapes made from points and lines including shapes such as triangle, square and circle.
