Freedom of Information Publication Scheme

The governing body is responsible for the maintenance of this scheme.

1. Introduction: What a publication scheme is and why it has been developed.

One of the aims of the Freedom of Information Act 2000 (which is referred to as FOIA in the rest of this document) is that public authorities, including all maintained schools, should be clear and proactive about the information they will make public.

To do this we must produce a publication scheme, setting out:

- The classes of information which we publish or intend to publish;
- The manner in which the information will be published; and
- Whether the information is available free of charge or on payment.

The scheme covers information already published and information which is to be published in the future. All information in our publication scheme is either available for you on our website to download and print off or available in paper form.

Some information which we hold may not be made public, for example personal information.

This publication scheme conforms to the model scheme for schools approved by the Information Commissioner.

2. Aims and Objectives

This school aims to:

- Enable every child to fulfil their learning potential with education that meets the needs of every child.
- Help every child to develop the skills, knowledge and personal qualities needed for life and work

And this publication scheme is a means of showing how we are pursuing these aims.

3. Categories of information published

The publication scheme guides you to information which we currently publish (or have recently published) or which we will publish in the future. This is split into categories of information known as “classes”. These are contained in section 6 of this scheme.

The classes of information that we undertake to make available are organised into four broad topic areas:

School web site – information published on the school website.

Governors' Documents – information published in governing body documents.

Pupils & Curriculum – information about policies that relate to pupils and the school curriculum.

School Policies and other information related to the school – information about policies that relate to the school in general.

4. How to request information

If you require a paper version of any of the documents within the scheme, please contact the school by telephone, email, or letter. Contact details are set out below.

If the information you are looking for is not available via the scheme and is not on our website, you can still contact the school to ask if we have it. If you do not have internet access, you can access our web site using a library or internet cafe.

5. Paying for information

Information published on our website is free, although you may incur costs from your Internet service provider.

If your request means that a charge will be incurred (ie because we have to do a lot of photocopying or printing, or pay a large postage charge, or is for a priced item such as some printed publications or videos) we will let you know the cost before fulfilling your request.
